## BizTech's 2011 Infor ERP VISUAL User Conference a Great Success

### VISUAL Rocks....Rocked!

Toledo, OH - May 11, 2011: BizTech, an Infor ERP VISUAL Channel Partner and provider of information technology solutions, is excited to report that their inaugural Infor ERP VISUAL User Conference, 'VISUAL Rocks!' was a great success.

The event, which took place April 26 through 28, 2011 at the Crowne Plaza City Centre in Cleveland, Ohio, brought together more than 120 attendees from around the world.

“This event was successful because of the dedication of all involved with planning and supporting the conference,” commented Joe Zalewski, Managing Partner and COO at BizTech, “I’m very proud of the BizTech Team and want to thank everyone who attended, especially Infor and our sponsors, for helping make our conference a first-class event.”

From opening to close, the conference was packed with VISUAL-related information. At the Opening General Session, Keynote Speaker Mike Gadow, Vice President of Channels, North America at Infor Global Solutions, spoke about the management changes at Infor, the viability of VISUAL, and its importance to Infor's go forward strategy, in addition to outlining the new game changing technology, Infor ION.

On the first evening of the conference, the Welcome Reception Networking Event sponsored by [Insite Software](#) proved to be a great time for all attendees to network with one another and get a look at product offerings from several companies in the VISUAL Solutions Center. VISUAL-related products and services from [BNW Manufacturing Associates](#), [CompuSoft Development](#), [Go!Wx](#), [Insite Software](#), [Rubber Tree Systems](#), [SaberLogic](#), [Truefit Solutions](#), and [WTA Consulting](#) were featured.

The conference attendees were among the first to experience a full demonstration of [Infor ERP VISUAL 7.0](#), presented by Danna Nelson, VISUAL Senior Product Manager, and Paul Dubuque, Director of Business Solution Consulting at Infor Global Solutions. Throughout the conference, attendees were able to schedule very productive One-on-One Consulting Sessions with BizTech's VISUAL Consultants. Over 30 educational breakout sessions covering a variety of VISUAL manufacturing, financial, technical and general topics were on the agenda. “I was thrilled with the interactive participation in the breakout sessions,” Zalewski said, “I thought that it was a very productive 3 days for all attendees.”

At the Rock & Roll Hall of Fame Networking Event sponsored by [Go!Wx](#), attendees had an exciting evening both exploring the Hall of Fame, and networking with fellow VISUAL users, the entire [BizTech VISUAL Team](#) and Infor Representatives.

The event wrapped up with BizTech's Customer Appreciation Awards, which were given to the following companies: Bryant Rubber Corporation, Deseret Laboratories, Inc., Detroit Coil Company, Dexter Stamping Company, Galley, Inc., Kegel, LLC, Mitchell Equipment Corporation, MOR/ryde International, Omega Plastics, Recco Products, Inc., Skyway Precision, Inc., and Wolverine Coil Spring Co. Infor ERP VISUAL Implementation Certificates were given to BasinTek LLC, EarthTronics, Inc., MilAIR LLC, Miljoco Corporation, and WindTronics, Inc.

Keep checking BizTech's [website](#) or [blog](#) for information regarding next year's BizTech Infor ERP VISUAL User Conference, planned for April 2012 in Chicago, Illinois.
